

West Midlands Awareness & Empowerment Fund

Jointly funded by Prostate
Cancer UK and West
Midlands Cancer Alliance

The West Midlands Awareness and Empowerment Fund supports innovative community-led initiatives that raise awareness of prostate cancer among Black men. With Black men being twice as likely to die from prostate cancer the fund aims to empower communities to encourage awareness, earlier diagnosis and help reduce health inequalities across the region.

Could you...

Raise Awareness

Could you hold a community event bringing Black men together for conversations about prostate cancer risk, symptoms and early diagnosis?

Culturally Appropriate

Could your organisation deliver culturally tailored engagement that is delivered in a way that is trusted, relevant, and accessible?

Funding for innovative, community-led activities raising awareness of prostate cancer among Black men.

To apply for funding please contact bhewm@prostatecanceruk.org - Funding applications are open until Friday 25th September

- ✓ Applications will be accepted from organisations who have received or applied for other prostate cancer grants
- ✓ Open to organisations based in the West Midlands
- ✓ Apply for up to £6,000
